SQL

## EXPERIENCE

### Mobile Application Developer - Blue Whale Apps
May 2017 - August 2017

I worked on four different IOS projects with Objective-C and Swift.

### Swift / iOS Mentor, Coach and Advisor - Thinkful
December 2014 - May 2017

As a mentor, my primary role is to provide guidance and support to mentees based on their unique developmental needs.

### Software Developer - Introduce Social
June 2016 - December 2016

Developed iOS and Android Mobile app.

### iOS Lead Developer - Done Labs
January 2015 - August 2015

Was engineer and leader of all mobile technologies for the company.

### iOS Developer Specialist - Netservis Bilgisayar Sistemleri
September 2014 - January 2015

All my development is done especially for the platform I am targeting - that means Objective-C for iOS, and Java for Android.

## EDUCATION

Associate of Science

September 1999 - June 2001, Faculty of Technical Education, Technical Science, TC.
